MARKETPLACE TECHNICAL FOUNDATION -[Furniro]

THE FURNITURE MARKETPLACE

Furniro-The Furniture Marketplace

- Furniro, an online platform for furniture , based on both E-Commerce and M-Commerce , is a convenient online marketplace accessible from all three gadgets i.e. Mobile , Tablet and Laptop.

- It is a responsive design , Keeping in mind the ease of customers to access, order and to get it delivered.

- As per Requirement of Day 4 ,UI/UX with API Integration is demonstrated using sanity and NextJS..

- Let's take a look ..
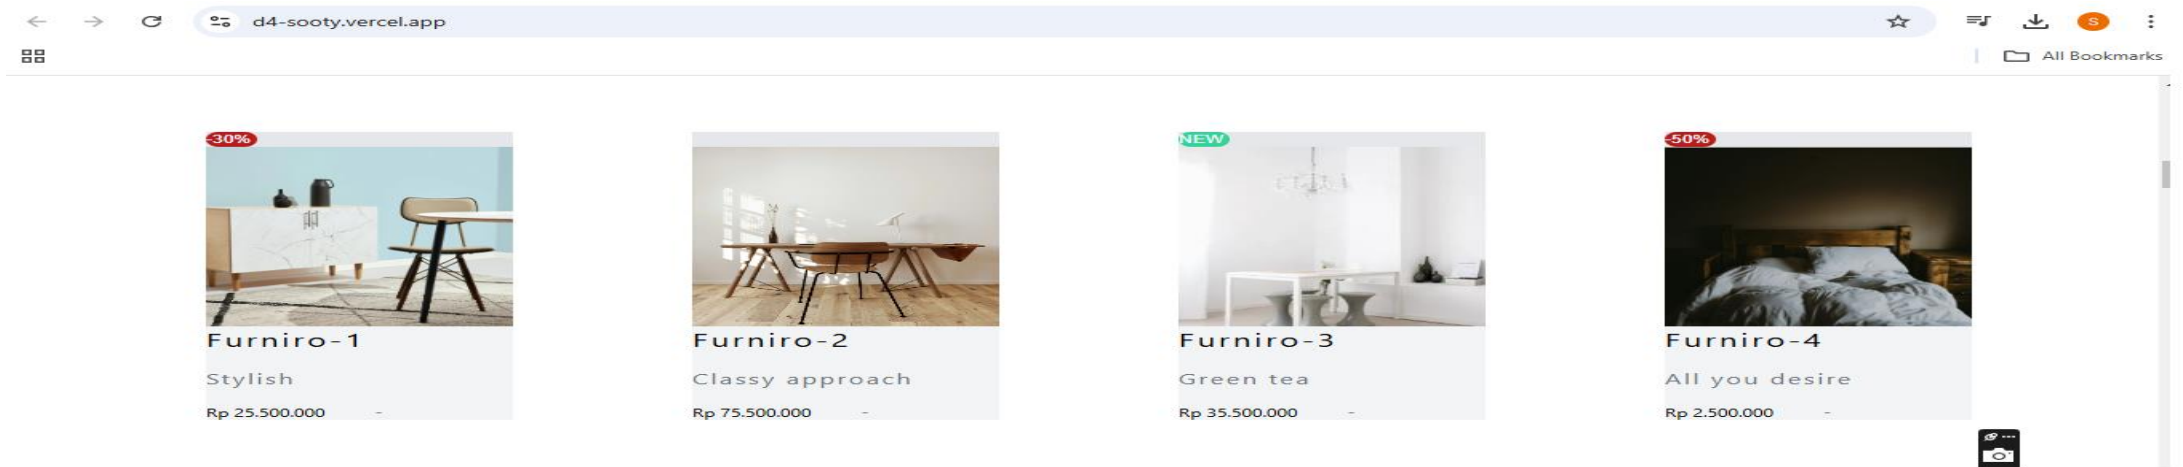

Furniro-The Furniture Marketplace
